Hello to all our Kern Antelope Historical Society Members,

We are sorry to announce, but with the surge in cases reported in the news and with the increased contact and exposure of members of our group to the virus, the **Kern Antelope Historical Society has decided to cancel the January meeting.**

Thank you for your continued interest in and support of KAHS.

Do make plans to **join us in February** when we will share **an interview with the late Ruth Russell, wife of Jack Russell who worked for the Bell Aircraft Corporation.** Ruth and Jack lived in Rosamond many years and were very active in the local community. Her story of the move to the Antelope Valley from New York and the early days of supersonic research at Edwards Air Force Base, **from a wife's perspective**, is very interesting. I think this will be a special interview you won't want to miss.

In the meantime, here is something to ponder: "What do Lancaster, Burton's Camp at Tropic and the community of Willow Springs have to do with each other, besides all being in the Antelope Valley?"

Watch for the February newsletter to learn more about Ruth and Jack Russell!

Jack and Ruth Russell, with George Webb at the Webb Cabin in the Tehachapis. They were such interesting people and always enjoyed an outing to the cabin. Ruth had a knack for telling stories and, at the same time, she would be sitting there, writing letters to family back home.

The Kern Antelope Historical Society was established in 1959 for the purpose of learning and preserving the history of California, especially the Antelope Valley, which includes parts of Los Angeles and Kern counties. Speakers are invited to talk at our monthly meetings about aspects of our various cultures. Subjects range from Indians of the past to the Space Age. The Society offers field trips for members to significant locations in and around the valley throughout the year. Come join us to learn more about the wonders of this area we live in and also meet some new people.
